Lesson Planning

Complete Lesson Plan Book

Class: Class 11 – ICom

Subject: Accounting

Medium: English

Academic Year 2026-27

DM

This book is prepared as a teaching guide for teachers.

Table of Contents

Unit 1: Introduction to Accounting and Business

Unit 2: The Accounting Cycle and Double Entry System

Unit 3: Journal: Recording Business Transactions

Unit 4: Ledger: Posting and Balancing Accounts

Unit 5: Trial Balance: Preparation and Purpose

Unit 6: Cash Book: Single and Double Column

Unit 7: Bank Reconciliation Statement

Unit 8: Rectification of Errors

DM

Unit 1: Introduction to Accounting and Business

Learning Objectives

• Define accounting and explain its objectives.

• Describe the users of accounting information.

• Explain the basic accounting terms: asset, liability, capital.

Key Concepts

• Accounting: recording, classifying and summarising transactions.

• Users: owners, managers, investors, banks, government.

• Accounting equation: Assets = Capital + Liabilities.

• Bookkeeping vs accounting: recording vs interpreting.

Teaching Methodology (Step by Step)

1. Warm-up: ask students what they already know about Introduction to Accounting and Business to activate prior knowledge.

2. Present the core ideas of Introduction to Accounting and Business with clear board notes, definitions and real-life examples.

3. Explain each key concept in sequence, using questions to check understanding at every stage.

4. Guided practice: short written exercises and class discussion applying Introduction to Accounting and Business.

5. Recap the main points, clear remaining doubts and close with a quick oral quiz.

Classroom Activities

• Pair activity: students discuss the key ideas of Introduction to Accounting and Business and present a two-minute summary to the class.

• Group task: prepare a wall chart or mind map on Introduction to Accounting and Business for classroom display.

Assessment Questions

1. Define accounting and state its three objectives.

2. Who are the users of accounting information?

3. Explain the accounting equation with an example.

Homework

• Write a one-page summary of Introduction to Accounting and Business in your notebook.

• Attempt the exercise questions given at the end of the chapter.

Time Allocation

2 periods (80 minutes)

Unit 2: The Accounting Cycle and Double Entry System

Learning Objectives

• Describe the steps of the accounting cycle.

• Explain the dual aspect concept.

• Apply debit and credit rules to transactions.

Key Concepts

• Cycle: journal, ledger, trial balance, final accounts.

• Dual aspect: every transaction has two effects.

• Debit and credit rules for assets, liabilities, capital.

• Rules for incomes, expenses, drawings.

Teaching Methodology (Step by Step)

1. Warm-up: ask students what they already know about The Accounting Cycle and Double Entry System to activate prior knowledge.

2. Present the core ideas of The Accounting Cycle and Double Entry System with clear board notes, definitions and real-life examples.

3. Explain each key concept in sequence, using questions to check understanding at every stage.

4. Guided practice: short written exercises and class discussion applying The Accounting Cycle and Double Entry System.

5. Recap the main points, clear remaining doubts and close with a quick oral quiz.

Classroom Activities

• Pair activity: students discuss the key ideas of The Accounting Cycle and Double Entry System and present a two-minute summary to the class.

• Group task: prepare a wall chart or mind map on The Accounting Cycle and Double Entry System for classroom display.

Assessment Questions

1. List the steps of the accounting cycle.

2. What is the dual aspect concept? Give an example.

3. State the debit-credit rules for assets and liabilities.

Homework

• Write a one-page summary of The Accounting Cycle and Double Entry System in your notebook.

• Attempt the exercise questions given at the end of the chapter.

Time Allocation

2 periods (80 minutes)

Unit 3: Journal: Recording Business Transactions

Learning Objectives

• Explain the format and use of the journal.

• Pass journal entries for common transactions.

• Narrate entries correctly with 'Being' explanations.

Key Concepts

• Journal: the book of original entry.

• Format: date, particulars, ledger folio, debit, credit.

• Entries: cash sales, purchases, expenses, drawings.

• Narration explains the reason for each entry.

Teaching Methodology (Step by Step)

1. Warm-up: ask students what they already know about Journal: Recording Business Transactions to activate prior knowledge.

2. Present the core ideas of Journal: Recording Business Transactions with clear board notes, definitions and real-life examples.

3. Explain each key concept in sequence, using questions to check understanding at every stage.

4. Guided practice: short written exercises and class discussion applying Journal: Recording Business Transactions.

5. Recap the main points, clear remaining doubts and close with a quick oral quiz.

Classroom Activities

• Pair activity: students discuss the key ideas of Journal: Recording Business Transactions and present a two-minute summary to the class.

• Group task: prepare a wall chart or mind map on Journal: Recording Business Transactions for classroom display.

Assessment Questions

1. Pass journal entries for: started business with Rs. 100,000 cash.

2. Record: purchased goods on credit Rs. 20,000.

3. Why is narration written below each entry?

Homework

• Write a one-page summary of Journal: Recording Business Transactions in your notebook.

• Attempt the exercise questions given at the end of the chapter.

Time Allocation

2 periods (80 minutes)

Unit 4: Ledger: Posting and Balancing Accounts

Learning Objectives

• Explain the format of a ledger account.

• Post journal entries into the ledger.

• Balance ledger accounts correctly.

Key Concepts

• Ledger: the book of final entry; T-account format.

• Posting: transferring debits and credits from journal.

• Balancing: finding the difference; balance c/d and b/d.

• Personal, real and nominal accounts.

Teaching Methodology (Step by Step)

1. Warm-up: ask students what they already know about Ledger: Posting and Balancing Accounts to activate prior knowledge.

2. Present the core ideas of Ledger: Posting and Balancing Accounts with clear board notes, definitions and real-life examples.

3. Explain each key concept in sequence, using questions to check understanding at every stage.

4. Guided practice: short written exercises and class discussion applying Ledger: Posting and Balancing Accounts.

5. Recap the main points, clear remaining doubts and close with a quick oral quiz.

Classroom Activities

• Pair activity: students discuss the key ideas of Ledger: Posting and Balancing Accounts and present a two-minute summary to the class.

• Group task: prepare a wall chart or mind map on Ledger: Posting and Balancing Accounts for classroom display.

Assessment Questions

1. Post two journal entries into ledger accounts.

2. Balance the cash account with given figures.

3. Distinguish personal, real and nominal accounts.

Homework

• Write a one-page summary of Ledger: Posting and Balancing Accounts in your notebook.

• Attempt the exercise questions given at the end of the chapter.

Time Allocation

2 periods (80 minutes)

Unit 5: Trial Balance: Preparation and Purpose

Learning Objectives

• Prepare a trial balance from ledger balances.

• Explain the objectives of preparing a trial balance.

• Identify errors not disclosed by the trial balance.

Key Concepts

• Trial balance: list of debit and credit balances.

• Purpose: checking arithmetical accuracy.

• Totals of both sides must agree.

• Errors it misses: omission, commission, principle.

Teaching Methodology (Step by Step)

1. Warm-up: ask students what they already know about Trial Balance: Preparation and Purpose to activate prior knowledge.

2. Present the core ideas of Trial Balance: Preparation and Purpose with clear board notes, definitions and real-life examples.

3. Explain each key concept in sequence, using questions to check understanding at every stage.

4. Guided practice: short written exercises and class discussion applying Trial Balance: Preparation and Purpose.

5. Recap the main points, clear remaining doubts and close with a quick oral quiz.

Classroom Activities

• Pair activity: students discuss the key ideas of Trial Balance: Preparation and Purpose and present a two-minute summary to the class.

• Group task: prepare a wall chart or mind map on Trial Balance: Preparation and Purpose for classroom display.

Assessment Questions

1. Prepare a trial balance from the given balances.

2. What is the main purpose of a trial balance?

3. Name three errors not disclosed by the trial balance.

Homework

• Write a one-page summary of Trial Balance: Preparation and Purpose in your notebook.

• Attempt the exercise questions given at the end of the chapter.

Time Allocation

2 periods (80 minutes)

Unit 6: Cash Book: Single and Double Column

Learning Objectives

• Explain the cash book as journal and ledger.

• Record transactions in a single-column cash book.

• Prepare a double-column cash book with discount.

Key Concepts

• Cash book: records all cash and bank transactions.

• Single column: only cash; double: cash and discount.

• Discount received (credit) and discount allowed (debit).

• Balancing the cash book like a ledger account.

Teaching Methodology (Step by Step)

1. Warm-up: ask students what they already know about Cash Book: Single and Double Column to activate prior knowledge.

2. Present the core ideas of Cash Book: Single and Double Column with clear board notes, definitions and real-life examples.

3. Explain each key concept in sequence, using questions to check understanding at every stage.

4. Guided practice: short written exercises and class discussion applying Cash Book: Single and Double Column.

5. Recap the main points, clear remaining doubts and close with a quick oral quiz.

Classroom Activities

• Pair activity: students discuss the key ideas of Cash Book: Single and Double Column and present a two-minute summary to the class.

• Group task: prepare a wall chart or mind map on Cash Book: Single and Double Column for classroom display.

Assessment Questions

1. Record five transactions in a single-column cash book.

2. Prepare a double-column cash book with discount columns.

3. Distinguish discount allowed and discount received.

Homework

• Write a one-page summary of Cash Book: Single and Double Column in your notebook.

• Attempt the exercise questions given at the end of the chapter.

Time Allocation

2 periods (80 minutes)

Unit 7: Bank Reconciliation Statement

Learning Objectives

• Explain why cash book and bank statement differ.

• Prepare a bank reconciliation statement.

• Treat unpresented cheques and uncredited deposits.

Key Concepts

• Causes: unpresented cheques, direct deposits, bank charges.

• Format: start from cash book or bank balance.

• Add uncredited deposits; deduct unpresented cheques.

• Updated balance must match the bank statement.

Teaching Methodology (Step by Step)

1. Warm-up: ask students what they already know about Bank Reconciliation Statement to activate prior knowledge.

2. Present the core ideas of Bank Reconciliation Statement with clear board notes, definitions and real-life examples.

3. Explain each key concept in sequence, using questions to check understanding at every stage.

4. Guided practice: short written exercises and class discussion applying Bank Reconciliation Statement.

5. Recap the main points, clear remaining doubts and close with a quick oral quiz.

Classroom Activities

• Pair activity: students discuss the key ideas of Bank Reconciliation Statement and present a two-minute summary to the class.

• Group task: prepare a wall chart or mind map on Bank Reconciliation Statement for classroom display.

Assessment Questions

1. Why do the cash book and bank statement differ?

2. Prepare a BRS from the given data.

3. How are bank charges treated in the BRS?

Homework

• Write a one-page summary of Bank Reconciliation Statement in your notebook.

• Attempt the exercise questions given at the end of the chapter.

Time Allocation

2 periods (80 minutes)

Unit 8: Rectification of Errors

Learning Objectives

• Classify errors: omission, commission, principle.

• Pass rectifying journal entries.

• Explain the use of the suspense account.

Key Concepts

• Errors of omission, commission, principle, original entry.

• One-sided errors need a suspense account.

• Rectification before and after trial balance.

• Effect of errors on profit must be understood.

Teaching Methodology (Step by Step)

1. Warm-up: ask students what they already know about Rectification of Errors to activate prior knowledge.

2. Present the core ideas of Rectification of Errors with clear board notes, definitions and real-life examples.

3. Explain each key concept in sequence, using questions to check understanding at every stage.

4. Guided practice: short written exercises and class discussion applying Rectification of Errors.

5. Recap the main points, clear remaining doubts and close with a quick oral quiz.

Classroom Activities

• Pair activity: students discuss the key ideas of Rectification of Errors and present a two-minute summary to the class.

• Group task: prepare a wall chart or mind map on Rectification of Errors for classroom display.

Assessment Questions

1. Classify the given errors into four types.

2. Pass rectifying entries for three errors.

3. When is a suspense account opened?

Homework

• Write a one-page summary of Rectification of Errors in your notebook.

• Attempt the exercise questions given at the end of the chapter.

Time Allocation

2 periods (80 minutes)
