Unit 1: Action Verbs in the Simple Present

Learning Objectives

• Students will be able to identify action verbs in simple sentences.

• Students will be able to use action verbs to describe daily activities.

• Students will be able to add -s to the verb with he, she and it (he runs, she plays).

• Students will be able to write five simple sentences using action verbs correctly.

Key Concepts

• An action verb is a word that shows what someone or something does: run, eat, read, play, write.

• The base form is used with I, you, we and they: I read, they play.

• With he, she and it, we add -s or -es to the verb: he runs, she watches.

• Every complete sentence needs a doer (subject) and an action verb: Birds fly.

Teaching Methodology (Step by Step)

1. Begin with a 3-minute mime warm-up: the teacher mimes actions (eat, swim, sleep) and students name the verbs.

2. Write the lesson title on the board and read 4 simple sentences aloud; students clap on every action verb they hear.

3. Explain that an action verb tells what a person or animal does, with picture examples (a boy kicking a ball: kick).

4. Show the two verb forms on a chart: I/you/we/they + base form, he/she/it + verb with -s. Read pairs together: I run / he runs.

5. Students build oral sentences about their own day (I wake up, I brush my teeth) while the teacher corrects -s endings.

6. Pair activity: one student mimes an action, the partner says a full sentence using he or she (She dances).

7. Close with a quick oral round: the teacher calls a verb and a pronoun; the class shouts the correct form.

Classroom Activities

• Mime and guess: students mime an action from verb cards and the class names the verb.

• Verb relay: teams race to write one correct sentence per verb on the board.

• My Day chain: each student adds one sentence about their day using an action verb.

Assessment Questions

1. Underline the action verb in each sentence: The cat drinks milk. Ali kicks the ball.

2. Fill in the blank with the correct form: She ___ (read) a book every night.

3. Write three sentences about what you do in the morning using action verbs.

4. Match each picture with its action verb: swim, jump, write, eat, sleep.

Homework

• Write five sentences about what your family members do, using he/she + verb with -s.

• Draw three actions and write the action verb under each picture.

• Find five action verbs in your English reader and write them in your notebook.

Time Allocation

Two periods (80 minutes): 5 min mime warm-up, 15 min introduction with sentences, 15 min -s rule with chart, 20 min pair practice and activities, 15 min written check, 10 min recap and homework.
