Lesson Planning

Complete Lesson Plan Book

Class: Class 7

Subject: General Knowledge

Medium: English

Academic Year 2026-27

This book is prepared as a teaching guide for teachers.

Table of Contents

Unit 1: Pakistan: Provinces and Capitals

Unit 2: National Symbols of Pakistan

Unit 3: The World: Continents and Oceans

Unit 4: Great Inventions and Inventors

Unit 5: Famous Personalities of Pakistan

Unit 6: Sports and Games

Unit 7: The Solar System

Unit 8: Environment and Current Affairs

DM

Unit 1: Pakistan: Provinces and Capitals

Learning Objectives

• Name the four provinces of Pakistan.

• State the capital of each province.

• Locate provinces on the map.

• Name the federal capital and its importance.

Key Concepts

• Pakistan has four provinces: Punjab, Sindh, Khyber Pakhtunkhwa and Balochistan.

• Capitals: Lahore, Karachi, Peshawar and Quetta.

• Islamabad is the federal capital.

• Gilgit-Baltistan and Azad Jammu and Kashmir are special regions.

• Each province has its own language, dress and culture.

Teaching Methodology (Step by Step)

1. Show the political map of Pakistan.
2. Point out each province and name its capital.
3. Students repeat the province-capital pairs aloud.
4. Locate Gilgit-Baltistan and Azad Kashmir.
5. Map-labelling practice in pairs.

Classroom Activities

• Label provinces and capitals on an outline map.

• Province-capital memory match game.

Assessment Questions

1. Name the four provinces with their capitals.
2. What is the federal capital of Pakistan?
3. Which province is the largest by area?

Homework

• Draw the map of Pakistan and label provinces and capitals.

Time Allocation

Map study 10 min, teaching 20 min, labelling 5 min, quiz 5 min.

DM

Unit 2: National Symbols of Pakistan

Learning Objectives

- Name the national symbols of Pakistan.
- Explain the meaning of the flag's colours.
- State the national anthem's poet.
- Show respect for national symbols.

Key Concepts

- National flag: green and white with crescent and star.
- National anthem written by a famous poet.
- National animal: Markhor; national bird: Chakor.
- National flower: Jasmine; national tree: Deodar.
- National game: field hockey; national language: Urdu.

Teaching Methodology (Step by Step)

1. Display the national flag and ask what the colours mean.
2. Present each symbol with a picture.
3. Play the national anthem and discuss its message.
4. Students draw the flag with correct proportions.
5. Quiz round on symbols.

Classroom Activities

- Draw and colour the national flag.
- Symbols chart for the classroom wall.

Assessment Questions

1. Name five national symbols of Pakistan.
2. Who wrote the national anthem?
3. What do the green and white colours of the flag represent?

Homework

- Make a chart of Pakistan's national symbols.

Time Allocation

Display 10 min, teaching 20 min, drawing 5 min, quiz 5 min.

DM

Unit 3: The World: Continents and Oceans

Learning Objectives

• Name the seven continents.

• Name the five oceans.

• Locate continents and oceans on the world map.

• State the largest continent and the largest ocean.

Key Concepts

• Seven continents: Asia, Africa, North America, South America, Antarctica, Europe, Australia.

• Five oceans: Pacific, Atlantic, Indian, Southern, Arctic.

• Asia is the largest continent; the Pacific is the largest ocean.

• Pakistan is in Asia.

• Oceans cover about 71% of the Earth's surface.

Teaching Methodology (Step by Step)

1. Show the world map and sing the continents song.
2. Point out each continent and ocean.
3. Students locate them on their own maps.
4. Compare sizes: Asia vs Australia, Pacific vs Arctic.
5. Rapid-fire map quiz.

Classroom Activities

• Label continents and oceans on a world outline map.

• Continent-ocean bingo game.

Assessment Questions

1. Name the seven continents.
2. Name the five oceans.
3. Which is the largest continent and the largest ocean?

Homework

• Draw the world map and label continents and oceans.

Time Allocation

Map study 10 min, teaching 20 min, labelling 5 min, quiz 5 min.

Unit 4: Great Inventions and Inventors

Learning Objectives

• Name five great inventions.

• Match inventors with their inventions.

• Explain how inventions changed life.

• Appreciate the role of Muslim scientists.

Key Concepts

• The telephone was invented by a famous inventor.

• A famous inventor created the electric bulb.

• The first aeroplane was made by two brothers.

• Muslim scientists advanced medicine.

• Inventions make life easier but must be used wisely.

Teaching Methodology (Step by Step)

1. Show pictures of old and new telephones; discuss the change.
2. Introduce five inventions with their inventors.
3. Discuss how each invention changed daily life.
4. Highlight contributions of Muslim scientists.
5. Students match inventor cards with invention cards.

Classroom Activities

• Inventor-invention matching race.

• Draw 'an invention of the future'.

Assessment Questions

1. Who invented the telephone and the electric bulb?
2. Name two contributions of Muslim scientists.
3. How did the aeroplane change the world?

Homework

• Write about your favourite invention in ten lines.

Time Allocation

Discussion 5 min, teaching 20 min, matching 10 min, review 5 min.

DM

Unit 5: Famous Personalities of Pakistan

Learning Objectives

• Name the founder of Pakistan and state his role.

• Name the national poet.

• Identify two more national heroes.

• Express pride in national heroes.

Key Concepts

• The founder of Pakistan led the independence movement.

• Our national poet gave the idea of a separate homeland.

• The first Prime Minister of Pakistan took office in 1947.

• Pakistani scientists built the country's nuclear programme.

• A great leader of the Pakistan movement worked for the nation.

Teaching Methodology (Step by Step)

1. Show portraits and ask students to name them.
2. Tell the story of the founder's struggle briefly.
3. Explain the national poet's dream of Pakistan.
4. Introduce two great leaders of the Pakistan movement.
5. Students prepare two-line introductions of each hero.

Classroom Activities

• Role play: introduce yourself as a national hero.

• Heroes gallery on the classroom wall.

Assessment Questions

1. Who is the founder of Pakistan?
2. Who gave the idea of Pakistan?
3. Write two lines about a great leader of the Pakistan movement.

Homework

• Write a paragraph on the founder of Pakistan.

Time Allocation

Portraits 5 min, stories 20 min, activity 10 min, quiz 5 min.

Unit 6: Sports and Games

Learning Objectives

• Name popular national and international sports.

• State basic facts about cricket.

• Explain the importance of sports for health.

• List famous Pakistani sportsmen.

Key Concepts

• Field hockey is the national game of Pakistan.

• Cricket is the most popular game in Pakistan.

• Pakistan won the Cricket World Cup in 1992.

• Sports keep the body fit and teach teamwork.

• Famous sportsmen: squash and cricket champions.

Teaching Methodology (Step by Step)

1. Ask students about their favourite games.
2. Present facts about hockey, cricket and squash.
3. Recall Pakistan's 1992 World Cup victory.
4. Discuss health benefits of playing daily.
5. Students demonstrate the rules of one game.

Classroom Activities

• Mini quiz on sports facts.

• Demonstrate a sport's basic skills in the ground.

Assessment Questions

1. What is the national game of Pakistan?
2. In which year did Pakistan win the Cricket World Cup?
3. Name two famous Pakistani sportsmen.

Homework

• Write ten lines on your favourite game.

Time Allocation

Discussion 5 min, teaching 20 min, quiz 10 min, review 5 min.

Unit 7: The Solar System

Learning Objectives

• Name the eight planets in order.

• State three facts about the Sun.

• Explain day and night.

• Distinguish between planets and stars.

Key Concepts

• The Sun is a star at the centre of our solar system.

• Eight planets orbit the Sun; Earth is the third.

• The Moon orbits the Earth.

• Day and night are caused by the Earth's rotation.

• Stars make their own light; planets reflect sunlight.

Teaching Methodology (Step by Step)

1. Darken the room and use a torch and ball to show day and night.
2. Introduce the Sun and the eight planets in order.
3. Teach the order with a memory sentence.
4. Explain rotation vs revolution.
5. Students arrange planet cards in order.

Classroom Activities

• Make a solar system mobile with balls and string.

• Planet order race with cards.

Assessment Questions

1. Name the eight planets in order.
2. What causes day and night?
3. How is a star different from a planet?

Homework

• Draw the solar system and label the planets.

Time Allocation

Demo 5 min, teaching 20 min, model 10 min, quiz 5 min.

DM

Unit 8: Environment and Current Affairs

Learning Objectives

• Define pollution and name its types.

• Explain the importance of trees.

• State two current national events.

• Suggest ways students can help the environment.

Key Concepts

• Pollution types: air, water, land and noise.

• Trees give oxygen and prevent floods.

• Planting trees is Sunnah and national duty.

• Recycling reduces waste.

• Staying informed about current events makes good citizens.

Teaching Methodology (Step by Step)

1. Show pictures of clean and polluted areas; discuss.
2. Explain each type of pollution with local examples.
3. Discuss the importance of trees with the class.
4. Share two recent national news items simply.
5. Plan a class tree-plantation activity.

Classroom Activities

• Cleanliness drive around the school.

• Plant a sapling and name it.

Assessment Questions

1. Name the four types of pollution.
2. Why are trees important?
3. Write two ways to reduce plastic use.

Homework

• Write five lines on how you will keep your street clean.

Time Allocation

Discussion 10 min, teaching 20 min, planning 5 min, review 5 min.
