Lesson Planning

Complete Lesson Plan Book

Class: Class 9

Subject: Pak Studies

Medium: English

Academic Year 2026-27

DM

This book is prepared as a teaching guide for teachers.

Table of Contents

Unit 1: Ideology of Pakistan

Unit 2: The Pakistan Movement (1857-1940)

Unit 3: The Pakistan Movement (1940-1947)

Unit 4: Land of Pakistan

Unit 5: Climate of Pakistan

Unit 6: Natural Resources of Pakistan

Unit 7: Population of Pakistan

Unit 8: Education in Pakistan

DM

Unit 1: Ideology of Pakistan

Learning Objectives

• Define ideology and explain its importance.

• Explain the ideological basis of Pakistan.

• Describe the role of Islam in Pakistan's ideology.

• Explain the Two-Nation Theory.

Key Concepts

• Ideology: system of beliefs shaping a nation's life

• Pakistan's ideology: Islamic way of life

• Two-Nation Theory: Muslims and Hindus as separate nations

• Sources: Quran, Sunnah, history, culture

Teaching Methodology (Step by Step)

1. Ask: what makes Pakistan different from India? Open discussion.
2. Explain the Two-Nation Theory with historical examples.
3. Discuss how Islam shapes law, culture and daily life.
4. Let students state the ideology in their own words.

Classroom Activities

• Write the definition of ideology in your own words.

• Debate: 'Pakistan was created only for a homeland.'

Assessment Questions

1. Define ideology.
2. What is the Two-Nation Theory?
3. Name two sources of Pakistan's ideology.
4. Why is Islam central to Pakistan's ideology?

Homework

• Write a paragraph on the ideology of Pakistan.

• Make a chart of the Two-Nation Theory's main points.

Time Allocation

5 periods of 40 minutes each

DM

Unit 2: The Pakistan Movement (1857-1940)

Learning Objectives

• Describe the causes of the War of Independence 1857.

• Explain the services of a great Muslim educationist and reformer.

• Describe the formation of the Muslim League (1906).

• Explain the Lucknow Pact (1916).

Key Concepts

• War of Independence 1857: causes and failure

• The great educationist: education, Two-Nation idea, Aligarh

• Partition of Bengal (1905) and its annulment

• Muslim League 1906: aims and early role

• Lucknow Pact: Hindu-Muslim unity attempt

Teaching Methodology (Step by Step)

1. Tell 1857 as a story of causes building up.
2. Draw a timeline 1857-1940 on the board.
3. Discuss the great educationist's focus on education: why was it needed?
4. Compare the League's aims with the Congress's.

Classroom Activities

• Complete the 1857-1940 timeline in the notebook.

• Write five services rendered by a great Muslim educationist and reformer.

Assessment Questions

1. Name two causes of the War of Independence 1857.
2. When and where was the Muslim League founded?
3. What was the Lucknow Pact?
4. Name the institution founded at Aligarh.

Homework

• Write a paragraph on the great educationist's services.

• Draw the timeline 1857-1940 with key events.

Time Allocation

6 periods of 40 minutes each

Unit 3: The Pakistan Movement (1940-1947)

Learning Objectives

• Explain the importance of the Lahore Resolution (1940).

• Describe the Cripps Mission and Quit India Movement.

• Explain the 1945-46 elections and their results.

• Describe the 3rd June Plan and independence.

Key Concepts

• Lahore Resolution: demand for separate Muslim states

• Cripps Mission (1942): why Muslims rejected it

• Elections 1945-46: League's sweeping victory

• Cabinet Mission (1946) and Direct Action Day

• 3rd June Plan: partition formula; 14 August 1947

Teaching Methodology (Step by Step)

1. Read key lines of the Lahore Resolution simply.
2. Build the 1940-47 timeline event by event.
3. Discuss why the 1945-46 elections proved the League's claim.
4. End with the independence story and its sacrifices.

Classroom Activities

• Draw the 1940-1947 timeline with illustrations.

• Write the main points of the Lahore Resolution.

Assessment Questions

1. When was the Lahore Resolution passed?
2. What did the 1945-46 elections prove?
3. What was the 3rd June Plan?
4. When did Pakistan come into being?

Homework

• Write a paragraph on the Lahore Resolution.

• Complete the 1940-1947 timeline in the notebook.

Time Allocation

6 periods of 40 minutes each

Unit 4: Land of Pakistan

Learning Objectives

• Locate Pakistan on the world map.

• Describe Pakistan's location and neighbours.

• Explain the physical features: mountains, plateaus, plains.

• Describe the main rivers of Pakistan.

Key Concepts

• Location: South Asia; neighbours and borders

• Northern mountains: Himalayas, Karakoram, Hindukush

• Potohar plateau and Balochistan plateau

• Indus plain: upper and lower

• Rivers: Indus, Jhelum, Chenab, Ravi, Beas, Sutlej

Teaching Methodology (Step by Step)

1. Show Pakistan on a large map; trace its borders.
2. Colour physical regions on an outline map.
3. Trace the Indus river system from north to sea.
4. Quiz: point to a feature, students name it.

Classroom Activities

• Label Pakistan's neighbours and rivers on an outline map.

• Make a relief-model of Pakistan's physical regions.

Assessment Questions

1. Name the four neighbours of Pakistan.
2. Name the three mountain ranges of the north.
3. Which is the longest river of Pakistan?
4. Name the two plateaus of Pakistan.

Homework

• Draw a sketch map of Pakistan showing rivers.

• Write a paragraph on the physical features of Pakistan.

Time Allocation

5 periods of 40 minutes each

Unit 5: Climate of Pakistan

Learning Objectives

- Define weather and climate.
- Describe the factors affecting Pakistan's climate.
- Explain the four seasons of Pakistan.
- Describe the monsoon system.

Key Concepts

- Weather vs climate
- Factors: latitude, altitude, distance from sea
- Seasons: summer, rainy, autumn, winter
- Monsoon: summer and winter rains
- Temperature and rainfall distribution

Teaching Methodology (Step by Step)

1. Compare today's weather with the usual climate of the city.
2. Draw Pakistan's seasonal cycle on the board.
3. Explain monsoon winds with a simple arrow diagram.
4. Discuss how climate affects crops and lifestyle.

Classroom Activities

- Record the week's weather and compare with climate normals.
- Draw a diagram of the summer monsoon.

Assessment Questions

1. What is the difference between weather and climate?
2. Name the four seasons of Pakistan.
3. From which direction do summer monsoon winds come?
4. Name two factors affecting climate.

Homework

- Write a paragraph on the climate of Pakistan.
- Draw a table of the four seasons with months.

Time Allocation

4 periods of 40 minutes each

Unit 6: Natural Resources of Pakistan

Learning Objectives

• Define natural resources and their types.

• Describe water resources of Pakistan.

• Explain mineral resources: coal, gas, iron.

• Discuss the importance of forests.

Key Concepts

• Renewable vs non-renewable resources

• Water: rivers, dams (Tarbela, Mangla)

• Minerals: coal, natural gas, limestone, salt

• Forests: types and benefits

• Need for conservation

Teaching Methodology (Step by Step)

1. List resources used in one day; classify them.
2. Locate major dams and mineral areas on the map.
3. Discuss why forests matter: timber, rain, wildlife.
4. Debate: how can we save water?

Classroom Activities

• Mark dams and mineral deposits on an outline map.

• Write five ways to conserve water at home.

Assessment Questions

1. Name two renewable and two non-renewable resources.
2. Name two large dams of Pakistan.
3. Name three minerals found in Pakistan.
4. Why are forests important?

Homework

• Write a paragraph on water resources of Pakistan.

• Draw a chart of Pakistan's mineral resources.

Time Allocation

5 periods of 40 minutes each

DM

Unit 7: Population of Pakistan

Learning Objectives

• Define population and census.

• Describe the population growth trend.

• Explain the distribution: urban vs rural.

• Discuss problems of rapid population growth.

Key Concepts

• Census: official counting of population

• Growth rate and its causes

• Urban vs rural population

• Density: crowded vs sparse areas

• Effects: pressure on schools, jobs, housing

Teaching Methodology (Step by Step)

1. Share simple population figures; discuss the growth trend.
2. Compare urban and rural life in a class discussion.
3. Show a density map of Pakistan.
4. Discuss solutions: education, family planning awareness.

Classroom Activities

• Draw a bar chart of population growth over decades.

• List five effects of rapid population growth.

Assessment Questions

1. What is a census?
2. Name two causes of rapid population growth.
3. What percentage of Pakistanis live in rural areas (approx)?
4. Name two problems caused by overpopulation.

Homework

• Write a paragraph on population growth in Pakistan.

• Draw a chart comparing urban and rural life.

Time Allocation

4 periods of 40 minutes each

Unit 8: Education in Pakistan

Learning Objectives

• Explain the importance of education for development.
• Describe the structure of Pakistan's education system.
• Identify problems of the education sector.
• Suggest solutions for educational improvement.

Key Concepts

• Education and national development
• Levels: primary, secondary, higher, technical
• Literacy rate: meaning and trend
• Problems: low budget, dropout, ghost schools, gender gap
• Solutions: more funding, teacher training, awareness

Teaching Methodology (Step by Step)

1. Ask: how does education change a person's life? Discuss.
2. Draw the education ladder on the board.
3. List problems from student experiences and news.
4. Let groups propose one practical solution each.

Classroom Activities

• Survey: literacy in your neighbourhood (simple tally).
• Write a letter suggesting one school improvement.

Assessment Questions

1. Name the levels of Pakistan's education system.
2. What is the literacy rate? (approx, as taught)
3. Name three problems of education in Pakistan.
4. Suggest two solutions for better education.

Homework

• Write a paragraph on the importance of education.
• Write five problems and five solutions of education.

Time Allocation

4 periods of 40 minutes each
