Lesson Planning

Complete Lesson Plan Book

Class: Class 2

Subject: Social Studies

Medium: English

Academic Year 2026-27

This book is prepared as a teaching guide for teachers.

Table of Contents

Unit 1: Our Neighbourhood

Unit 2: Occupations

Unit 3: Means of Transport

Unit 4: Festivals of Pakistan

Unit 5: Provinces of Pakistan

Unit 6: Caring for the Environment

DM

Unit 1: Our Neighbourhood

Learning Objectives

• Students will name five places in their neighbourhood.

• Students will tell what we find at each place.

• Students will draw a map of their neighbourhood.

Key Concepts

• A neighbourhood is the area around our home.

• We buy things from the market in our neighbourhood.

• The mosque, school and park are in our neighbourhood.

• Good neighbours help each other.

Teaching Methodology (Step by Step)

1. The teacher asks students to name places near their homes.
2. Students list the market, mosque, school and park.
3. The teacher explains what we do at each place.
4. Students draw a simple map of their neighbourhood.
5. Students talk about their neighbours.

Classroom Activities

• Draw a map of your neighbourhood.

• Visit the neighbourhood park and list what you see.

Assessment Questions

1. Name three places in your neighbourhood.
2. Where do we buy daily things?
3. Who are our neighbours?
4. Draw your street with three important places.

Homework

• Draw a map from your home to your school.

Time Allocation

3 periods of 35 minutes each.

DM

Unit 2: Occupations

Learning Objectives

• Students will name six occupations.

• Students will tell the work of each occupation.

• Students will tell what they want to become.

Key Concepts

• An occupation is the work a person does.

• A doctor treats patients and a teacher teaches.

• A farmer grows crops and a driver drives vehicles.

• A tailor stitches clothes and a baker bakes bread.

Teaching Methodology (Step by Step)

1. The teacher shows picture cards of occupations.
2. Students name each occupation after the teacher.
3. The teacher explains the work of each one.
4. Students match occupation cards with tool cards.
5. Students tell the class what they want to become.

Classroom Activities

• Dress up as the occupation you like best.

• Match the worker with their tools.

Assessment Questions

1. Name four occupations.
2. Who stitches our clothes?
3. Who bakes bread?
4. What do you want to become when you grow up?

Homework

• Ask a family member about their occupation.

Time Allocation

3 periods of 35 minutes each.

DM

Unit 3: Means of Transport

Learning Objectives

• Students will name six means of transport.

• Students will sort transport into land, air and water.

• Students will tell which transport they use.

Key Concepts

• Transport takes people and goods from one place to another.

• Cars, buses and trains run on land.

• Aeroplanes fly in the air.

• Boats and ships sail on water.

Teaching Methodology (Step by Step)

1. The teacher shows pictures of transport.
2. Students name each one after the teacher.
3. The teacher explains land, air and water transport.
4. Students sort transport cards into three groups.
5. Students tell how they come to school.

Classroom Activities

• Transport sorting game with picture cards.

• Make a paper boat and a paper aeroplane.

Assessment Questions

1. Name three land transports.
2. Which transport flies in the air?
3. Which transport sails on water?
4. How do you come to school?

Homework

• Draw your favourite means of transport.

Time Allocation

3 periods of 35 minutes each.

DM

Unit 4: Festivals of Pakistan

Learning Objectives

• Students will name three festivals of Pakistan.

• Students will tell how Eid is celebrated.

• Students will tell how Independence Day is celebrated.

Key Concepts

• Eid-ul-Fitr comes after the month of Ramadan.

• On Eid we wear new clothes and meet relatives.

• Eid-ul-Azha reminds us of the sacrifice of Prophet Ibrahim.

• On 14 August we celebrate Independence Day with flags.

Teaching Methodology (Step by Step)

1. The teacher shows pictures of Eid celebrations.
2. Students share how their family celebrates Eid.
3. The teacher explains Eid-ul-Azha simply.
4. Students learn about 14 August celebrations.
5. Students draw Eid and Independence Day scenes.

Classroom Activities

• Draw how your family celebrates Eid.

• Flag making for Independence Day.

Assessment Questions

1. Name two Eids celebrated in Pakistan.
2. When do we celebrate Independence Day?
3. What do we wear on Eid?
4. How do we celebrate 14 August?

Homework

• Ask a family member about their favourite Eid memory.

Time Allocation

3 periods of 35 minutes each.

DM

Unit 5: Provinces of Pakistan

Learning Objectives

• Students will name the four provinces of Pakistan.

• Students will name the capital of each province.

• Students will point to the provinces on a map.

Key Concepts

• Pakistan has four provinces: Punjab, Sindh, KPK and Balochistan.

• Lahore is the capital of Punjab.

• Karachi is the capital of Sindh.

• Peshawar is the capital of KPK and Quetta of Balochistan.

Teaching Methodology (Step by Step)

1. The teacher shows the map of Pakistan.
2. Students repeat the province names after the teacher.
3. The teacher points to each province and its capital.
4. Students match province cards with capital cards.
5. Students colour the four provinces on an outline map.

Classroom Activities

• Colour the provinces on a Pakistan map.

• Match each province with its capital city.

Assessment Questions

1. Name the four provinces of Pakistan.
2. What is the capital of Punjab?
3. What is the capital of Sindh?
4. In which province do you live?

Homework

• Find your province on a map at home.

Time Allocation

4 periods of 35 minutes each.

DM

Unit 6: Caring for the Environment

Learning Objectives

• Students will tell what the environment is.

• Students will name three ways to keep it clean.

• Students will plant a tree or a plant.

Key Concepts

• The environment is everything around us.

• Clean air, clean water and green trees keep us healthy.

• Throwing rubbish in bins keeps places clean.

• Planting trees makes the air fresh.

Teaching Methodology (Step by Step)

1. The teacher explains the environment with examples.
2. Students name clean and dirty places they have seen.
3. The teacher explains why trees are important.
4. Students plant saplings in the school ground.
5. Students make a clean environment poster.

Classroom Activities

• Plant a sapling in the school ground.

• Cleanliness walk: pick up litter around the school.

Assessment Questions

1. What is the environment?
2. Name two ways to keep the air clean.
3. Where should we throw rubbish?
4. Why should we plant trees?

Homework

• Plant a seed at home and care for it.

Time Allocation

3 periods of 35 minutes each.
