Lesson Planning

Complete Lesson Plan Book

Class: Class 1

Subject: Mathematics

Medium: English

Academic Year 2026-27

This book is prepared as a teaching guide for teachers.

Table of Contents

Unit 1: Numbers up to 20: Counting and Writing

DM

Unit 1: Numbers up to 20: Counting and Writing

Learning Objectives

• Students will count objects from 1 to 20 in the correct order.

• Students will read and write the number names zero to twenty.

• Students will match number symbols (1, 2, 3 ...) with their names (one, two, three ...).

• Students will count on from a given number up to 20 without help.

Key Concepts

• Numbers from 1 to 20 have a fixed order; after 10 come eleven, twelve, thirteen and so on up to twenty.

• Each number has a symbol (like 14) and a name (like fourteen).

• Counting on means starting from a number and saying the next numbers in order.

• The number 20 means two full groups of ten.

Teaching Methodology (Step by Step)

1. Warm-up chant: the whole class counts 1 to 20 together, clapping once on each number.

2. Teacher shows number cards 1 to 20 on the board, reading each symbol and name aloud; students repeat.

3. Counting-line drill: teacher points at a number, class says its name and counts on to 20.

4. Board practice: students take turns writing a called-out number symbol and its name.

5. Worksheet: match number symbols with number names, then write 1 to 20 in order.

Classroom Activities

• Ball-toss counting: toss a soft ball and each catcher says the next number up to 20.

• Number-name bingo: teacher calls number names, students mark the symbols on their cards.

• Pairs race: partners take turns writing numbers 1 to 20 while the other checks the order.

Assessment Questions

1. Write the missing numbers: 11, __, 13, __, 15.

2. Match: 17 - seventeen, 19 - nineteen, 12 - twelve.

3. Write the number names: 15 = ____, 20 = ____.

4. Count on from 14 to 20 in your own words.

Homework

• Write numbers 1 to 20 in order in your notebook.

• Count the plates and glasses at home and write the total in words.

Time Allocation

40 minutes
